Welcome to the new world of

mon amie

mon amie is beautiful. *mon amie* is fascinating. *mon amie* is unique. *mon amie* is – like you!

mon amie is the world's first Collarium! It fulfills your longing for youthfulness and attractiveness in the perfect interplay of collagen and tanning! After all, *mon amie* knows what women want...

Nothing is more dear to the heart than your beauty and health, especially that of your skin. A beautiful complexion and youthful freshness: That is *mon amie*!

Get to know and trust her - your skin's best friend!

Timeless beauty where you don't see the age.

This is what *mon amie* provides through specially developed Collagen Plus tubes! Your skin's collagen deposits harden over the years. With the light spectrum of the collagen tubes, *mon amie* rebuilds these deposits.

Therefore a vital, fresh appearance supplants small lines and reduces wrinkles. Contours tighten noticeably specifically in the face, neck and décolleté.

Your skin regains lost elasticity, the skin structure improves noticeably and appears significantly smoother and fresher.

Timeless beauty through Collagen Plus

Youthfully fresh skin through collagen light therapy – that's not to be sneezed at!

An extensive study* revealed:

97 % have better **firmness** and **elasticity** over the entire body

89% recognize very **good lifting effects** on the face, neck and décolleté

68 % noticed a clear **vitalization** of the entire skin surface

* Observational study of 51 probands over a period of 3 month, 2008, Clinic Piano, Switzerland.

mon amie – for your beauty!

Depending on use, the collagen light therapy attains diverse anti-aging effects:

(depending on duration of the therapy and the skin constitution)

Vitalization

with approximately 10 uses in 3 - 4 weeks

The metabolism is activated and the skin is detoxified. Your skin surface improves as a result.

Regeneration

with approximately 20 uses in 5 - 7 weeks

Impurities heal, your skin appears clearer, fresher and healthier, the moisture content increases.

Tightening

with approximately 30 uses in 8 - 10 weeks

Your skin regains elasticity through the stabilization of the collagen structure. Lines and wrinkles are filled in.

For lasting results a regular application on a weekly basis is recommended.

Feel comfortable in your skin!

mon amie offers you the choice: enjoy the pure collagen light therapy for your youthful freshness. Or additionally choose tanning for your attractive complexion.

If you decide in favor of tanning, the patented skin measurement sensor provides you with individualized, safe tanning.

With the sensor, *mon amie* analyzes your skin type and thereby determines the ideal tanning unit. The gentle formation of an attractive skin complexion is guaranteed!

No matter what you decide:
You can feel safe, because *mon amie* responds entirely to you!

With *mon amie* you can feel the healing power of the sun!

By tanning with *mon amie*, your body produces Vitamin D3. The essential „sunshine vitamin“ is formed through the skin to 90% while tanning. It releases numerous bio-positive effects that promote your health:

Increase in bone density / prevention of osteoporosis • reduction of high blood pressure
strengthening of immune system and musculature • reduction of the risk of thrombosis

mon amie not only spends you beauty, but a healthy, active well-being – simply a better awareness of life!

Healthy attractiveness is twice as beautiful!
